

YOUTH INVASION 2010

LEADER REGISTRATION PACKET

WHAT IS YOUTH INVASION?

This summer, **July 12th through the 16th**, Grace Nazarene will be partnering with Churches from across the Salem area to participate in a missional week that will bring together students from across our community and from different denominations to complete ministry projects for individuals and families in our neighborhoods.

Short term mission trips are incredible. They are a great benefit to the community that is served as well as those who have the privilege of serving. Many have experienced life changing moments in the midst of these opportunities. However, every time I personally have participated, there have been some who were unable to go because of various obstacles, such as cost, time, or distance.

It is our goal through Youth Invasion to bring as much of a short term mission trip to Salem as possible. We hope that by lowering cost and staying local we will give students who previously have been unable to participate the opportunity to serve alongside of others. We are excited not only about the witness and benefit to our community but even more so by prospect of students from many area churches working side by side, serving and growing in Christ together as one Church.

IMPORTANT INFORMATION

Every day will begin at 8:00 AM at Grace Nazarene (1900 N Broadway). There we'll have a short devotional, assemble our lunches, and get our projects for the day. The day will be spent serving our community. In the evenings your team will go from their project site to a local church for dinner and evening fellowship. At 7:30 we'll send you home to get rested up for the next day.

We are going to be doing some light construction, yard maintenance, community cleanup, and other projects that can be handled by a group of students.

The total **cost for sponsors will be the week will be \$15.** This will cover all meals, a Youth Invasion T-shirt, and nightly activities.

HOW CAN I HELP?

There are three different groups of leaders that we are looking for.

- **Team Leaders** – these are the individuals who will be spending the day with a group of 5 students of the same gender. A volunteer does not necessarily need to have any experience in construction or outdoor work to serve as a team leader, although any experience is a bonus. We will only assign projects to your group that is within your skill range. It is preferred that team leaders provide their team with transportation, although again that is not required as we will be able to provide transportation for a few groups with church vans. We do ask that since team leaders will be responsible for the team that all team leaders are over the age of 23.
- **Co-Leaders** – these are the leaders who either are under the age of 23, are not available everyday of the week, or would prefer to lead a team together with another volunteer. Many of the responsibilities are the same.

- **Runners** – Anyone who has been on a mission trip knows that there is always some material that runs out. Given the number of teams that may be involved we are asking for a few volunteers to be dedicated runners. Each runner would be assigned to assist three to five teams. When a group needs assistance with more material, a tool, or an extra set of hands they would call their runner. When not needed for a specific task a runner may simply join in and help with any group they wish.

WHAT DO I DO TO GET INVOLVED?

First of all, complete and return the attached application with your \$15 payment as soon as possible. Next, start looking around the community and your neighborhood for projects that you think we could take on and email your suggestions to youthinvasion2010@gmail.com.

THANK YOU!

I greatly appreciate any time that you donate to helping not just our community in this instance, but also for investing in our students. I truly believe that has the potential to be a powerful week in their lives. Thank you!
